

X MARKS THE SPOT

After a good old shootout in the gunslinging west, the Fearful Four headed back to their Island for some casual feather cleaning, beak sharpening, bomb producing, slot-playing downtime.

Pirots X is a 5x5 blimey slot that comes with a global multiplier, wilds, multiplier wilds, big symbols, a bonus, and a super bonus, and all packed into a potential of 10,000x bet.

X-iter™

X-iter™ allows players to jump straight into the action with 5 different game modes ranging from a 3x bet with more than three times the chance to trigger a bonus, to a 500x bet super bonus played with maximum grid size and guaranteed feature chests at the start of each free drop.

THE PIROTS

The Pirots land in the nests on the game grid and collect symbols of their respective color which increases the global multiplier. They also trigger features randomly.

MULTIPLIERS

All multiplying wilds connected to a winning cluster first multiply the cluster win, and then the global multiplier is also applied.

CLUSTERS

Pirots X is a cluster game where winning clusters consist of 5 or more adjacent identical symbols. Each cluster win leaves a wild symbol behind.

WILD SYMBOLS

There are wilds, multiplying wilds, and 2 wild features. A wild that connects to several winning clusters split. Several wilds in a winning cluster merge into a multiplier wild.

BONUS GAME

3 bonus symbols trigger the free drops bonus game where the global multiplier is persistent. Additional free drops are awarded by the free drops symbol. The super bonus is triggered if one of the 3 bonus symbols is a super bonus symbol, and it is played with the maximum grid size and awards a feature chest at the start of each free drop.
